

# Implementing the 1<sup>st</sup> EU-wide Guarantees of Origin scheme for green and low-carbon hydrogen

Stakeholder Platform Plenary & Final Conference CertifHy 2 (25<sup>th</sup> of March 2019)

## *Draft Agenda*

<b>1. Setting the scene</b>		
09:30	Welcome and registration	
10.00	Opening; CertifHy 2 and overview of main achievements	Wouter Vanhoudt, Hincio
10:30	Setting the scene: EU energy policy and the role of hydrogen	Various guest speakers (tbc.)
12.15	Lunch and networking break	
<b>2. CertifHy 2: towards a final design of the CertifHy Scheme</b>		
13:00	CertifHy definitions and its main design features	CertifHy consortium member
13:45	Plenary discussion on the Scheme design	
14:00	Establishing the carbon intensity of hydrogen from Chlor-Alkali and SMR+CCU	CertifHy consortium member
14:30	Key results and lessons from the pilot	CertifHy consortium member
15.00	Coffee break	
<b>3. EU-wide roll-out</b>		
15:15	Roadmap for the implementation of an EU-wide 'tracking and tracing' Scheme for hydrogen	CertifHy consortium member
15:45	Plenary discussion on the Roadmap	
16:00	Cost structure & revenue streams of the CertifHy Scheme; commercialisation and use (use cases)	CertifHy consortium member
16.30	Follow-up to the CertifHy project: next steps and key challenges	CertifHy consortium member
16.45	Closure	Wouter Vanhoudt, Hincio
