

Summary Audit Report

CertifHy EU RFNBO Voluntary Scheme

About this Summary Audit Report

All CertifHy Audits are conducted based on the applicable CertifHy Scheme documents and requirements. The relevant CertifHy requirements are specified in the Audit procedure (Auditor Checklist) that must be used by Auditors from the Certification Bodies for Audits under the CertifHy EU RFNBO Voluntary Scheme.

The completed Audit procedure is available to the Certification Body, the certified company and CertifHy. Based on the Audit procedure the Certification Body prepares and submits this Summary Audit Report to CertifHy and the certified company. The Summary Audit Report is published on the CertifHy website together with further information on the CertifHy certificate. This report provides an overview on relevant aspects and results of the Audit of a certified Economic Operator under CertifHy and enhances transparency. Information and data in the report reflect the situation at the date of the Audit. Only such activities, processes or materials relevant for the CertifHy Audit shall be included in this Summary Audit Report. The report shall not contain confidential or business sensitive information or data, including data about amounts or volumes of material, names and/or addresses of subcontractors or service providers, clients, customers, or others. Therefore, data on volumes of sustainable material is provided on a voluntary basis only. The Summary Audit Report must be provided for all CertifHy certified Economic Operators, and the publication on the CertifHy Website is mandatory.

The layout of this report is provided by CertifHy to enable a harmonised approach and to foster the comparability. The Certification Body is responsible for correctness of the information provided.
